## RULES AND GUIDELINES

Get ready to explore the significance of everyday objects and showcase your creativity in arranging them. In this competition, participants will collect and arrange five objects from their classroom or home environment, such as pencils, toys, books, or utensils.

### Here's how it works:

1. Each participant will gather five everyday objects that hold personal meaning to them. Let your imagination soar as you select items that reflect your interests, memories, or daily routines.
2. Arrange your chosen objects in a creative and visually appealing way within a small basket.
3. Capture a photograph of your arrangement, as it will serve as a visual aid during the discussion.
4. During the competition, you will have the opportunity to explain the importance and significance of each object to you. Share stories, memories, or reasons why these items hold a special place in your heart.
5. The competition will be judged based on both the creativity of your object arrangement and the depth of meaning expressed by you as you discuss each item.

Everyday objects often carry hidden stories and sentimental value, making this competition an exciting journey of self-expression and creativity. It's a chance to showcase your unique perspective and shed light on the little things that bring joy and meaning to your daily life.

Join us for the Every Day Objects competition, and let your creativity and personal stories take center stage.
